Mrs. Elizabeth Kennedy Achieves

What a woman can accomplish by her is demonstrated by the experience of Mrs. Elizabeth Kennedy of Chardon, Butte County, who has cleared more than \$2,000

a year on twenty acres of land for the last four seasons.

Mrs. Kennedy has seven acres of almonde, ten acres of prunes and three acres of sugar prones, grafted onto almond trees. With the assistance of a boy and a girl she farms the twenty-acre tract, buds, grafts and cultivates the trees, dries the prunes for market and gathers the almond crop.

"I haven't worked hard, either," remarked Mrs. Kennedy at the California horticultural exhibit yesterday, "Of course, I wouldn't advise any woman to go into the fruit business in California or anywhere else unless she is interested in the raising of fruit, but, if she is, the production of it in California is a source of real pleasure, beside considerable profit. A number of women of my acquaintance in California are successful fruit farmers without the assistance or intervention of the sterner sex."

OUR PATTERN DEPARTMENT

10 Cents-All Patterns-10 Cents. Ladies' Tucked Shirt Waist With Drop Yoke, No. 2016—Eeru pongee is used for this fancy shirt waist with elaborate hand embroidery done in pale blue and several shades of brown. The soft belt is of blue Wheeter action.

WITH DROP YOKE, 32, 34, 36, 38 and 40 inch bust.

A pattern is provided for a glove-fitted, featherboned lining, but this may be omitted and the outside adjusted with shoulder and underarm seams only, if preferred. In the back, four backward turning tucks extend from neck to beir, the waist closing invisibly at the center.

Tucks in front are stitched part way down and provide smart fulness over the bust that blouses well at the belt. A fancy drop yoke is included in the neck seam with a standing collar. It has three square tabs in front, two at the back, and one over over each shoulder. The yoke and collar are beautifully embroidered. This yoke may be omitted or made adjustable, as the waist makes a very desirable tucked model without it.

Tucks in the sleeves are stitched from shoulder to elbow. Puffs formed by the fulness below the elbow are gathered and attached to embroidered wristbands over which they droop all around.

Shirt waists in this style are developed in infleta, pean de sole, albatros, crepe de Chine, silk muslin or swips. Some have drop yokes of inserted tucking, lace or allover chiffon embroidery. If the yoke is of self-fabric it may be edged with lace and have motifs in each of the squares.

To make the waist in the medium size will require four yards of material forty-four inches wide. The pattern, No. 83%, is cut in sizes for a 32, 34, 36, 35 and 40 inch bust measure.

The Republic's Order Blank for Above Pattern. Be sure and fill in your correct post-office address. Send 10 cents (one silver dime) to The Republic Pattern Department, Republic building, and inclose this Nank, proper-ly filled out with your name, address and bust measure for each pattern or-dered.

No. 9376. Ladies' Shirt Waist. Price 10 cents. Bust measure.....inches
